## The event offers to Slovenian companies interested in expanding abroad an overview of the business location Austria - with a special focus on the innovation hub Carinthia.

International companies profit from:

- an attractive internal market with a GDP|capita of EUR 36,980
- a good starting point for expansion to German speaking markets
- a modern and flexible labour law
- high stability and legal certainty with low bureaucracy
- attractive incentives for investments (up to 20%) and R&D (up to 60%)
- research premium of 12% for R&D (to be raised to 14%)
- modern high tech centres and industrial parks
