Why Wien?

Austria is a close, secure, capital-intensive country with a sparkling economic and creative world perfect for innovative ideas. Recognising that startups are creating new markets and bringing growth for the Austrian economy, Austrian and Viennese decision-makers are supporting young entrepreneurs with favourable start packages and investment opportunities.

Why WOW?

More and more Hungarian companies are planning to enter the Austrian and international markets. It is key for them to receive tailor-made advice from experts with international experience in a wide range of business areas. The business development program Vienna WOW is launched by the Loffice team for the third year now gives you the necessary boost to cross the border!
